

3+ Collection

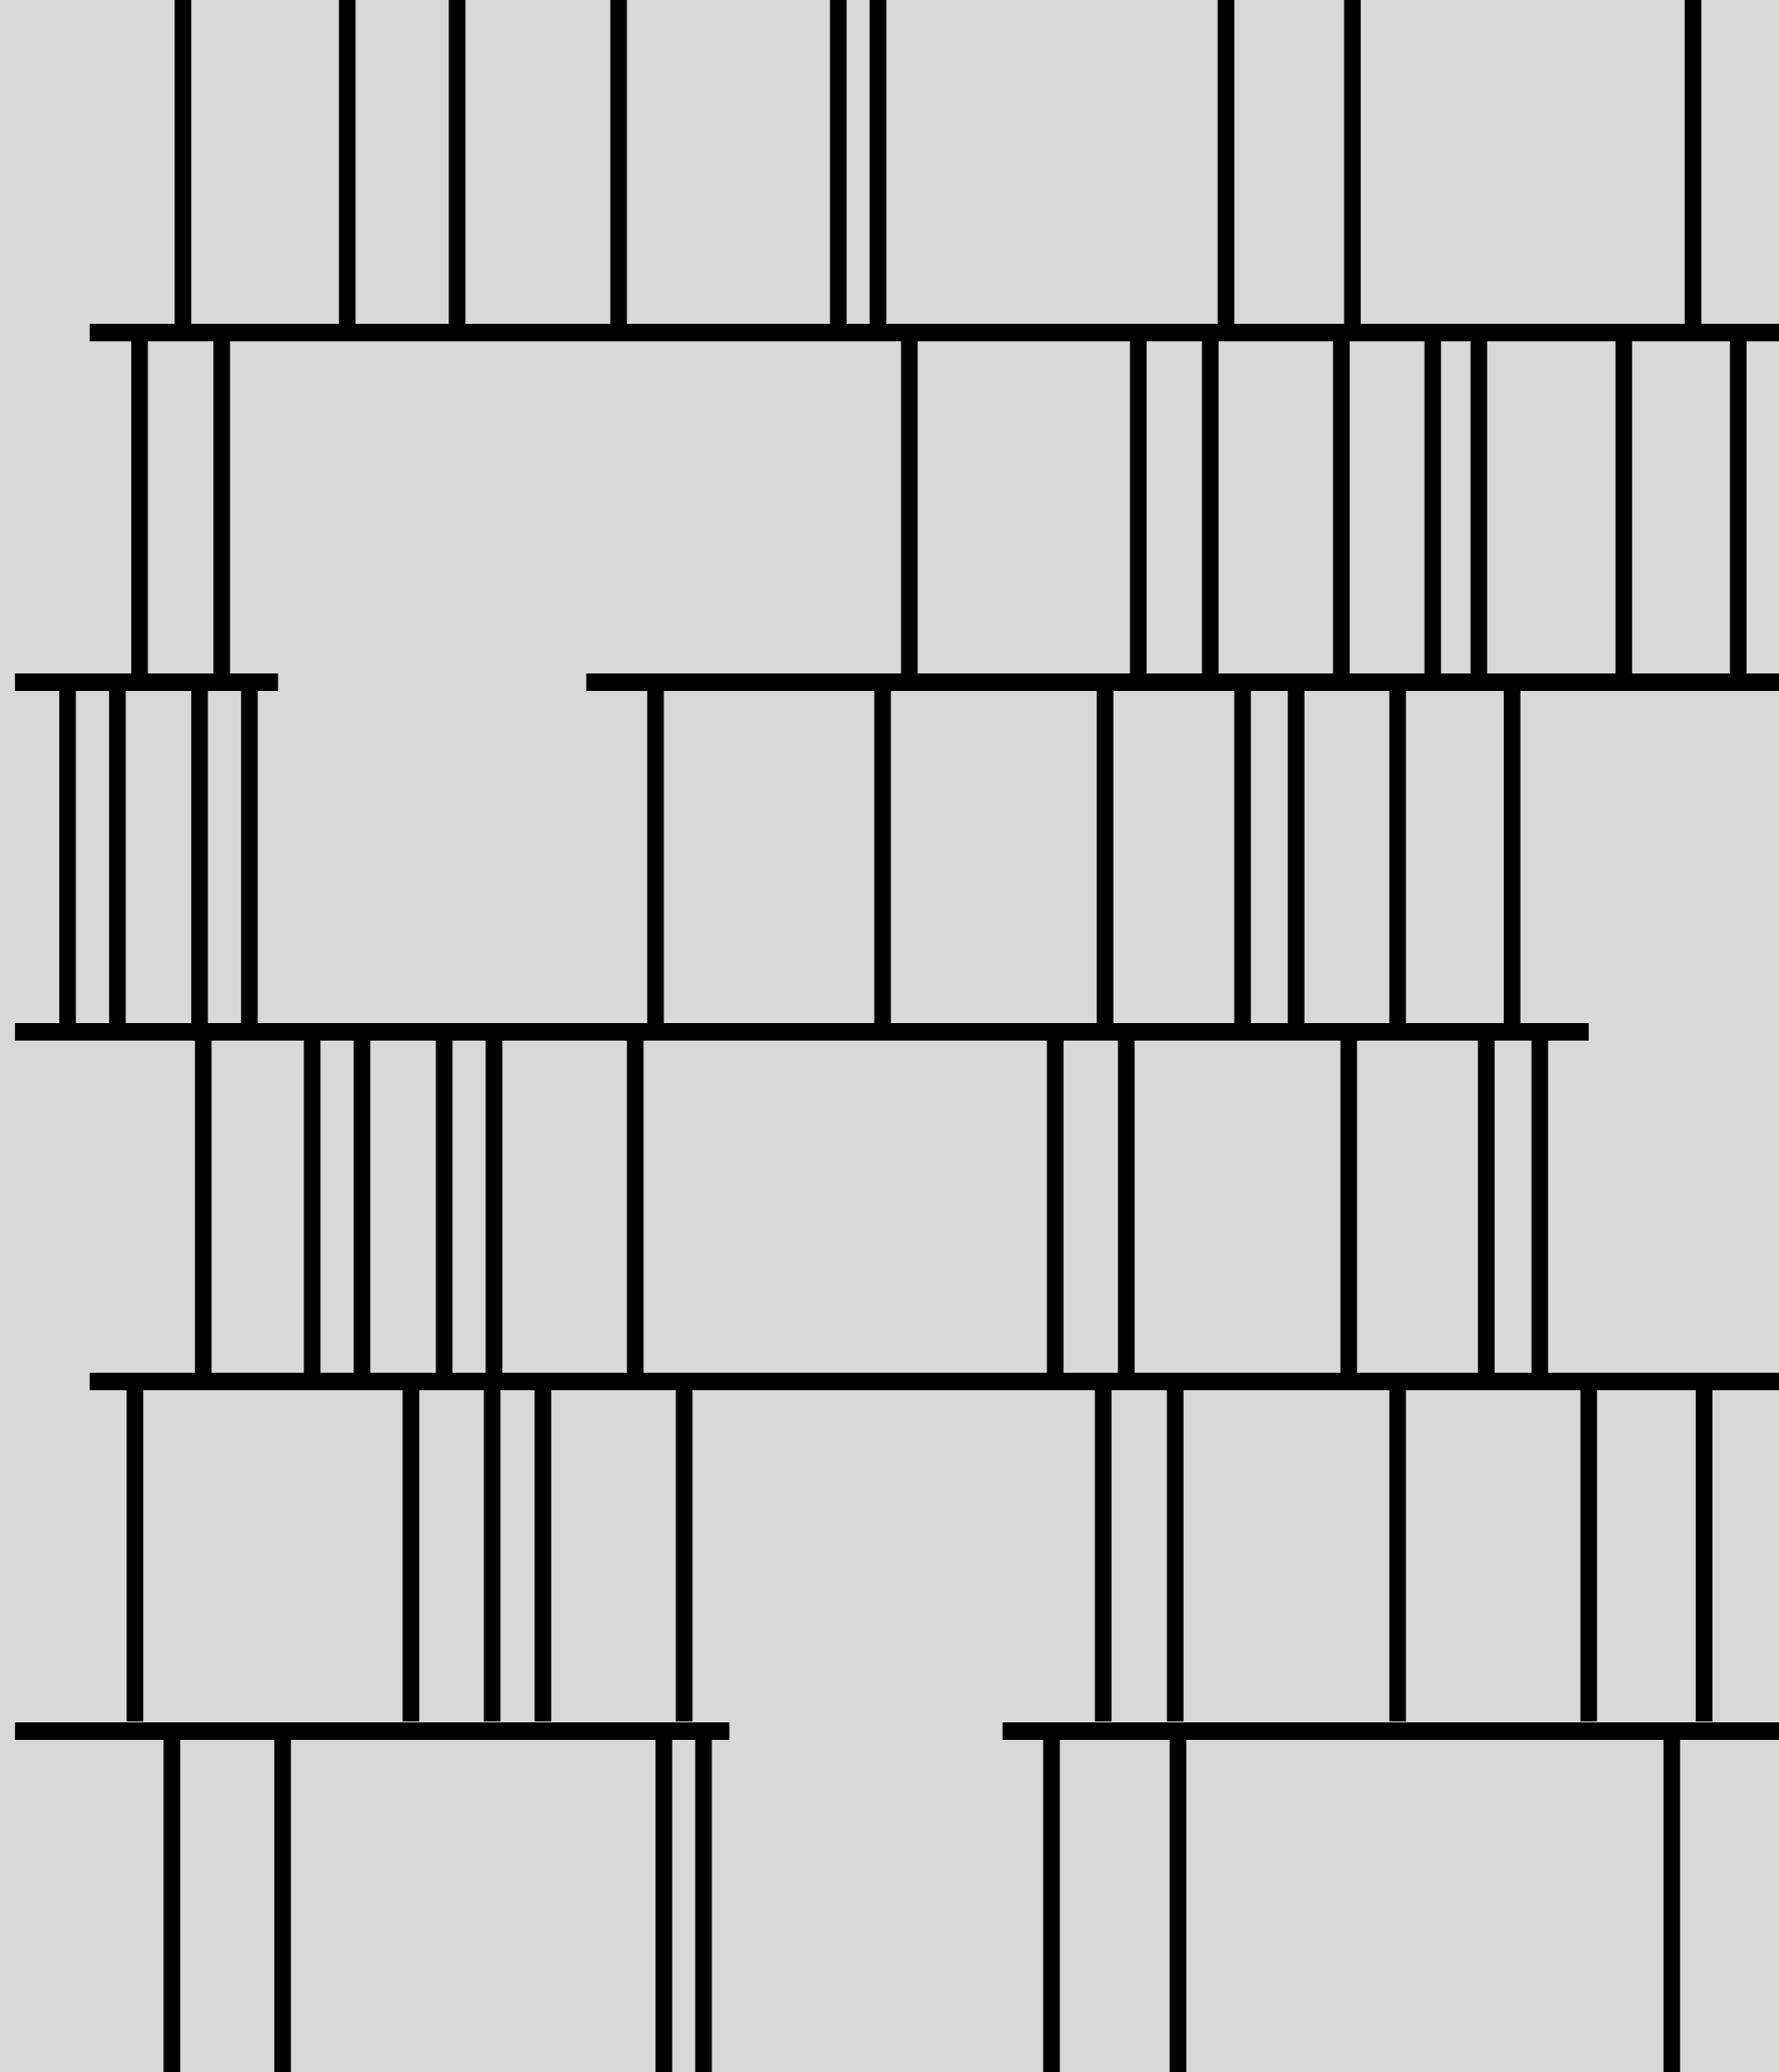

A freedom of rearranging your space for work and living.

3+ is a collection of furniture made in our technology of forming sheet metal. Using advantage of holes and technical characteristics allowed to create three kinds of furniture that are an onset to further development of 3+ system. Standard set of furniture can be rearranged and expanded in order to create remarkable solutions for offices, houses and public venues.

3+ Products

Table

The 3+ Table altogether with the 3+ Function Plate and 3+ Accessories can be easily used in a workshop as well as an office. With 3+ Shelving system and wooden legs it makes a complete furnishing of a modern dining room. You can customize functions of table by adding 3+ plates or other elements like Boxes or Wall Storage. Table sizes allow to fix together and create functional office or conferential space.

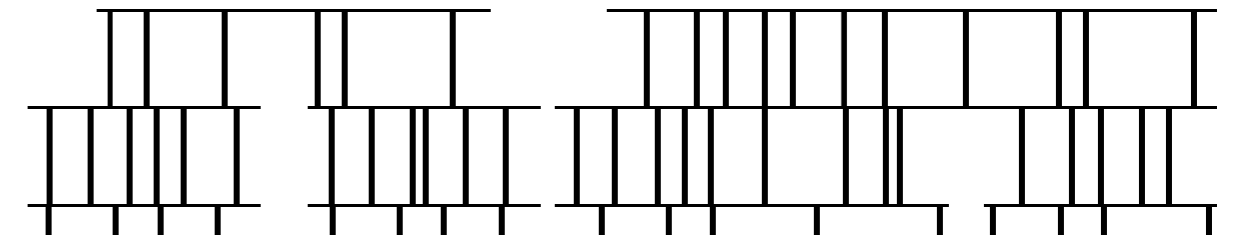

Shelving system

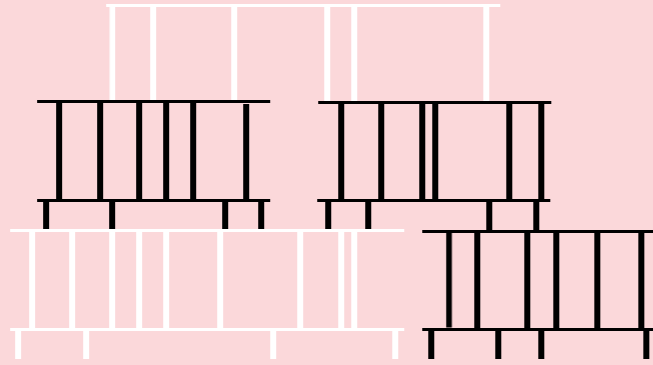

Flexible, functional and mobile shelving system.

The 3+ Shelving system uses the flexibility of the 3+ technology solutions to the full extent with rearrangeable bars. It can be used for organizing books, file folders as well as tool boxes in a workshop or even as a display shelving for retail business. 3+ Function Plate or 3+ Accessories expand its possibilities and functionality. Buying extra shelving sets will help you expand your unit in every direction.

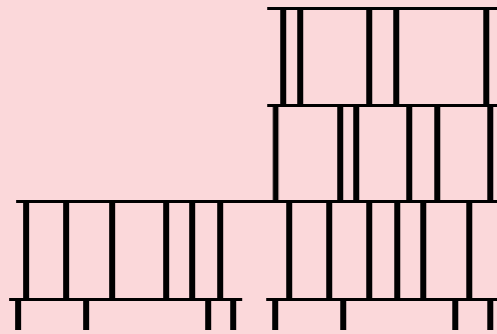

Have fun!

3+ system

Abstract point of view on 3+ elements allowed us to create various exhibition displays. 3+ provides a lot of solutions based on customer's needs.

3+ arrangement

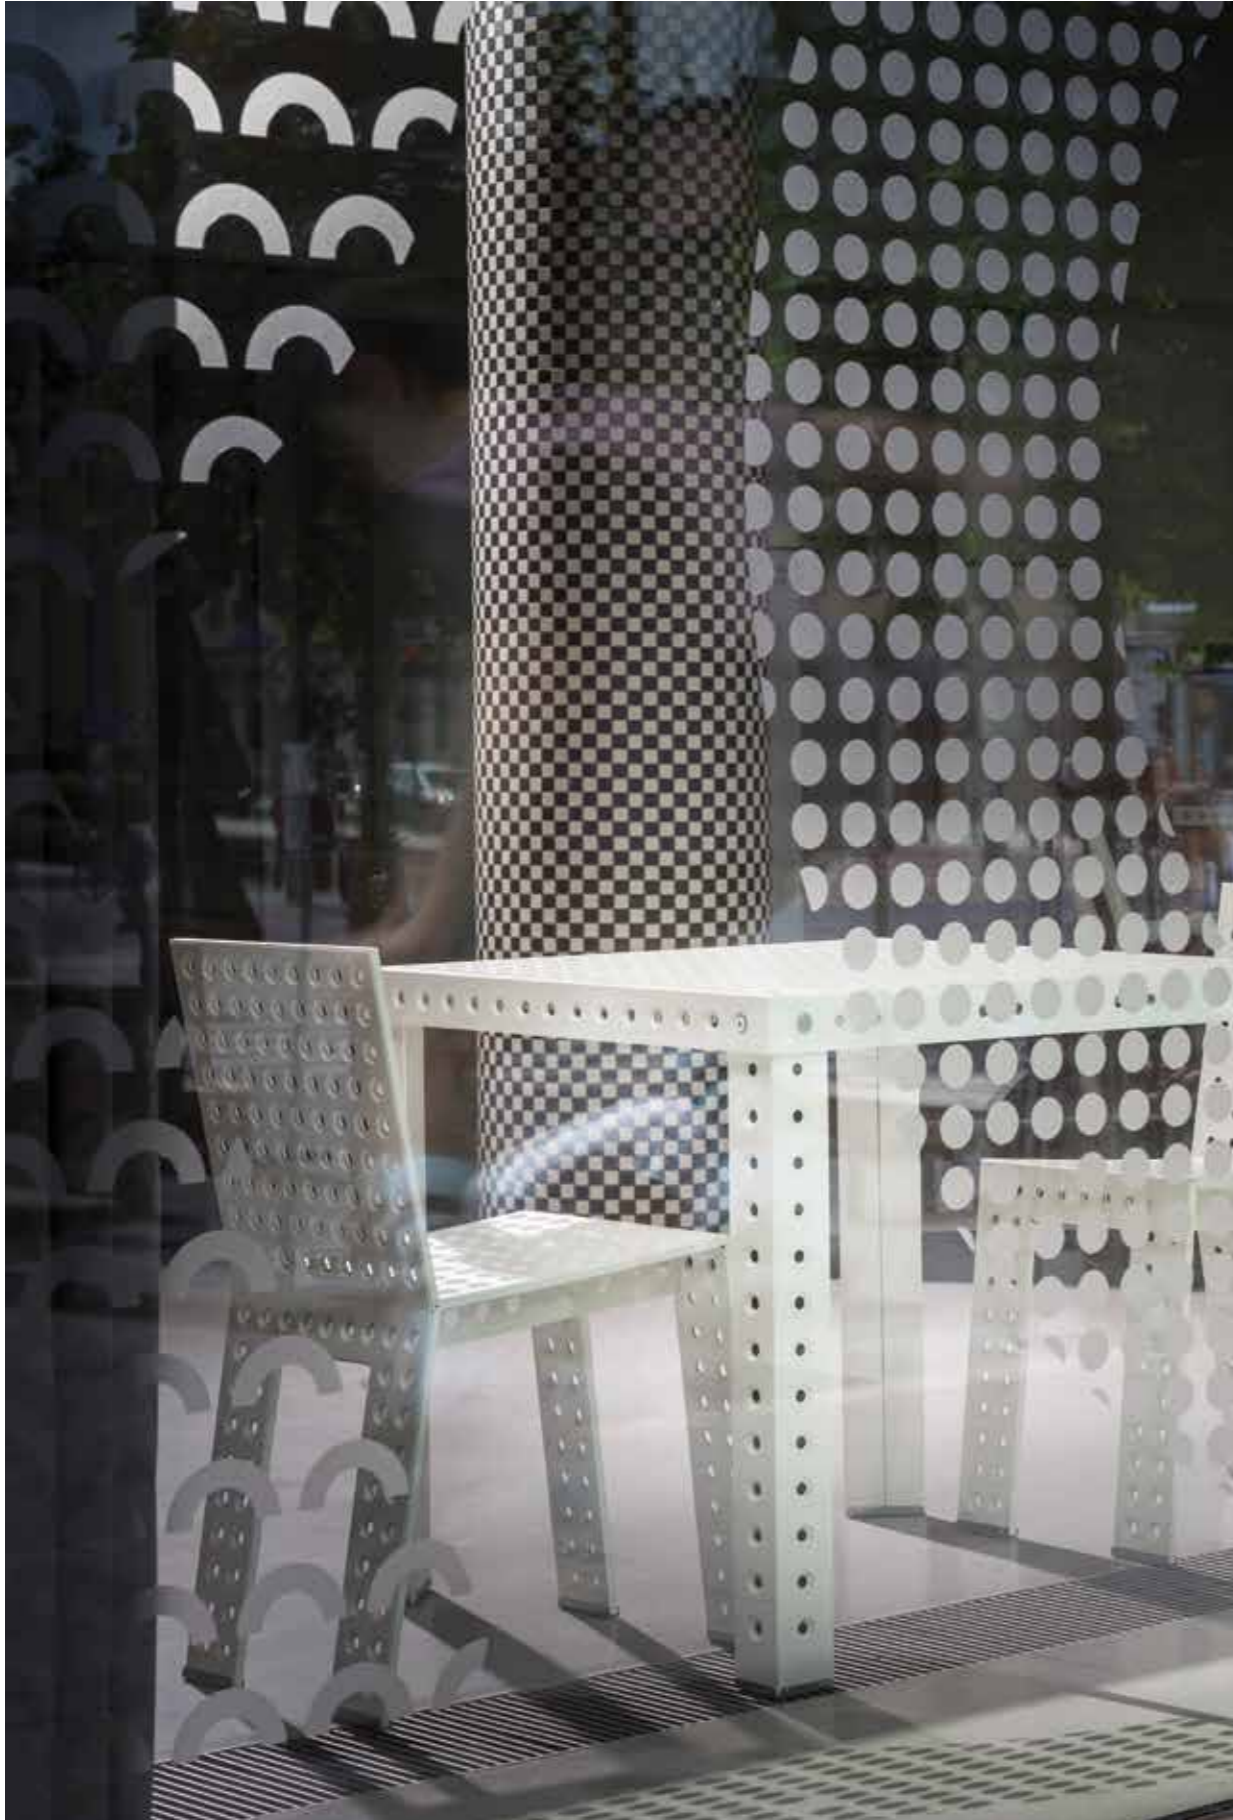

Buying 3+ gives you more than furniture for a specific accommodation – it gives you a complete, mobile and multi-purpose system. 3+ is a construction element in the hands of your imagination.

The 3+ will allow you to create an intriguing and unique space, where your product and your customer will be of paramount importance. Due to the grid of points, our furniture can be arranged in multiple ways to suit the new trends and collections.

Public spaces

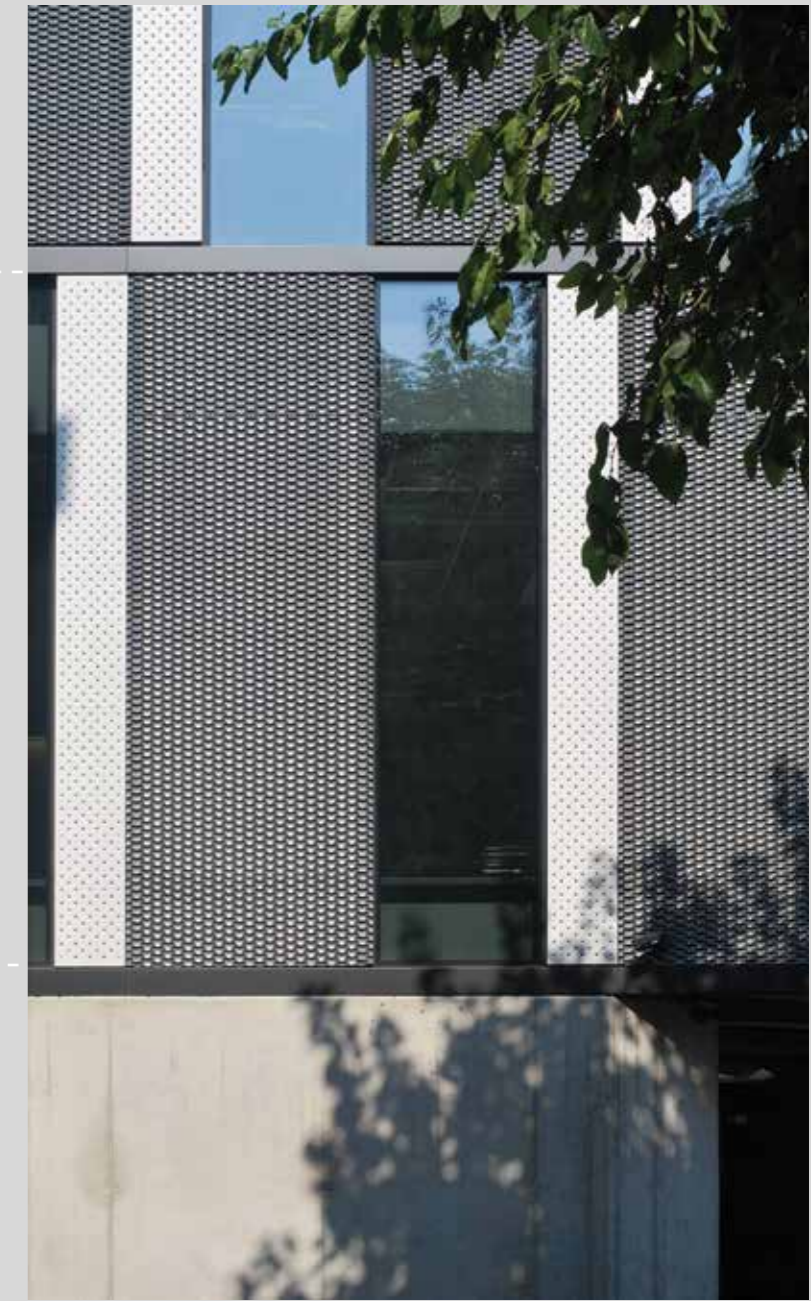

3+ can act as a background to display the best features of your products.

3+ Façade

3+ is a perfect façade system, which is why we cooperate with architects in order to design building's front panels and surroundings.

Entire basic collection is made of high quality aluminum. In addition to light material, we created a technology of ultra light metal sheets where stability is as important as weight. The collection is mobile, easy to assemble, allowing to add any 3+ accessories.

Designed and manufactured in the EU.
